Dear Fellows,

As you can see, an entirely new version of academy's web-site (www.mahascience.org) has been launched. We are updating the academy's database for the new site. Accordingly, you are requested to furnish the following information latest by November 15, 2006.

- Name (Full)
- Date of Birth
- Fellowship Number
- Qualifications
- Year of induction to the Academy
- Research interests
- Office address
- Residential address
- Telephone number (Office and Residence)
- Fax Number
- EMAIL ID

Please note that the email ID is critical for all further communication from the academy. You are also requested to kindly intimate other fellows about the information needed by the academy.

With best wishes.

Dr. G. T. Panse
